C. R. Flint of New York has been instrumental in the purchase of these implements of war for the Brazilian government. Mr. Flint has been trying for some time to get all the guns away, and the agent of the company here has acted with the greatest secoros. A little over a week ago two of the mother.

Battle Chaer, Mich., Nov. 10.—The corner's inquest into the cause of last month's accident of the Grand Trunk railrond at this point was resumed yesterday, but inthing new was brought out in the testimony.

ABSOLUTELY PURE

leased by the exp.

I taken to New York.

So important was the matter that Mr. Flint himself came on and arranged for the release of the guns with Director General Davis. He selected a time when his movements would be least observed, and silence was enjoined upon the director general. As Admiral Medio continued to hombard Rio Janeiro, the anxiety to get the Hotchkies guns away increased. No sconer of men was put to work boxing them up.

They were swift at the business, and in consequence the Hotchkies has been ready for shipment for several days. They were swift at the business, and then rified the customhouse guards, numbering 13, willed one of the guards and his horse to and the provisions and other suppression to the carry from the south opening of the building, where means are provided for handling where means are provided for handling the heavy freight. Owing to their great-weight, the traveling cranes will be required to load them on the cars. These cranes can not be utilized until the electric transfer car is in operation. Sufficient of the flooring has been torn up to permit the transfer car to enter, but it is out of order. Meanwhile the guns are awaiting shipment.

So important was the matter that from the safe in the raid on Palemans where and brings news that 50 Tomochi Indians yesterday sacked that towen. They are one of the scattering bands of indians yesterday sacked that towen. They are one of the scattering bands of indians yesterday sacked that time. Diaz's soldiers last May, and have since biaz's soldiers last May, and have since bear roaming in the maniety to gunt with the customhouse guards, numbering 13, willed one of the guards and his horse of the unitarity of carbines and pistols, 800 rounds of animumition and \$300. They appropriated provisions and other supplies from the stores. One of the maning band was killed in the engagement with a customhouse guards, numbering 13, and then rified the customhouse, carry-town and then rified the customhouse, carry-town and then rified the customhou

Yew Yorkers Like James A Harnes Shor Acres -Many Actors Out of Work-Ther matic Authors—A Busy Playwright

New York Nov 8 — the Silver Shell" which Mr and Mis Kondat produced during the last week of their or ongeneen at the Star thought persons the called a great play It is the work of Harry Dam a San Francisco newspaper man who sports some time in this c ty pior to his departure fo London, where he has taken up his resi

SCHNE FROM THE SILVER SHELL! dence. The let that a pair of recognized great English actors should have bought play dealing with a European subject and

Members of the order should not forget that the time for active work has arrived. The evenings are both longer indicoder and interest is reviving all along the line. New councils are being formed and old ones built up and strengthened. The plan of open meetings and council visitation should begin to receive a due amount of thought members the old members must be interested in the order and especially in their own councils and in order to interest them to the meetings must be made interesting. There should be something provided every meetings must be made interesting. There should be something provided every meeting under good of the order that will make them feel glad they came and not that it as a evening lost.

Grand Commandar Crook of New York has divided the state outside of Brooklyn and New York into three divisions and has applied to the suprame council for any defent for each provided every meeting and New York into three divisions and has applied to the suprame council for any defent for each provided every meeting the former of the provided every meeting and the work of a napparent amateur half the state in which the great between the plan of the plan of the plan of the councils the meetings must be made interesting. There should be something provided every meeting must be made interesting the plan of the pl although it seems merchible but I am of the opinion that it will never go with American audiences Still who knows?

> naturally had the off to of bringing into existence a host of dramas in which Rus sian earlies of stack in Paris against the life of the exar. The surret against the life of the exar. The surret against the size and a woman with more or less of a past. gested bedom but none of them ever approached it in point of I minus interest virility of treatment or strongth of construction. The subject has then such an allin no one to dru thists with more appreciate 1 of the bird than originality that many fraction is a few maste work was triumphate to put this time the remark manks and a replace than the second based as a few and in the second as a few

was framinant of the time the resuit has always been those me.

Imperion apparent baseause the comparason which was inevitable to be to the
decrine onto the imitators with the usual
results—disast it it is sornely to be exmetastical time. Mr. Para could not a better play than Sardon on lines laid down by the great Frenchman and yet that is just! the great renorman are yet that is just what he seems to have imagined he could do and just what he has not done. Were it not for the line acting of the kendals particularl. We kendal the Silver Shell wild come dangerously close to be ing a flat full re.

may live thought of James A Hernes gree of Poethantas to organize great councils in states where nine or more councils are in existence.

The great chief of records was authorized by the great council to tay hange copies of the reject and adoption accessory for unused new copies of the old ceremony that may be in the possussion of great chief of records.

A more large condition of great chief of records.

A more large condition of the processing of great chief of records.

A more large condition of the condition

MR HEPMEIN SHORE ACRES cause the public appetite has under one a change and that the days of thoroughly wholesome and natural plays unless they

Department of Shote Acres. In this city Upon the basis of its pop liants with those who have seen it it ought to be good for as long as the management caus to keep it on its difficult to predict in such matters for old I me usually settles it to suit himself noware.

A statement has been widely published to the effect that there are 3 500 actors at present out of employment in New York city This is the veriest nonsense although the original assertion was, of source not based upon intentional mis representation. It is doubtless a fact that the sum total of the names of inemployed stage people registered at the different theatrical agencies will reach 3 500 but as most of these people are entered at three four or five offices it will at once be seen that there are probably less than 1 000 out of work in New York

Even this however reveals an alarming ondition of affairs and should prove warning to ambitions amateurs against spending their savings in the generally fu tile task of preparing themselves for a call ing which is already so hornbly overcrowd ed that experienced people are unable to ob

tain engagements at salaries which mean constant plaching and in many cases priva

tion
Just now the regulars are particularly
bitter against the so called dramatic schools
are year after year dump

which they say are year after year diffus-ing hordes of incompetents upon the mar-ket. As these smatters are willing to work for nothing and glamour per weak the real actors are frozen out, and to such an ex-tent that many of them have given up the stage and actually taken to work as a means of caroing a livelihood. It green means of earning a livelihood. It goe against the grain of the average humfatte to be as other plans mortals but oxygen unadultenated with aught more tangible than hallo dute microbes is not very if it in 'so the desaful alternative has to be

Let every person who takes an interest in the progress of the American draum keep an eye on Henry Guy Carleton, who can statter and write as humorously as any man in this country. I have never seen a poor piece of work from his pen, and it almost seems that he is incapable of it. He is an arratic ground, however, and work the eriatic genius however and wou't work except when he feels like it and then only m his own way However he is a very busy man just now The other day he completed a country and submitted the Charles Frohman who accepted it for John Drow It will be produced in Baston during the latter met of nost of part for the produced in the state of the state ter part of next menth so that everything will be running smoothly by the time the comedian reaches this city for his annual engagement
Mr Carleton is, I hear, also hard at work

on a scrious drama for a stock company and he is under contract to deliver a play to Nat Goodwin in time for next senson So that he ought to find enough to keep him busy and earn enough to make him comfortable during the coming year. Gu comfortable during the coming year Guy Carleton is likely some day to surprise most folks by writing the much heralded but still not arrived great American

It is a difficult matter to earn a reputa It is a difficult matter to earn a reputa-tion are playwright but it is a mighty use-ful thing after it has been obtained. Despite the immediate failure and prompt with drawal of David Belasco's The Younger Son 'Charles Frohman has alrea is signed a contract with the author to have a play ready for the opening of the regular season at the Empire theater in the fall of 1894. It takes most, than age, and wanners to takes more than one good manuscript to s single poor one to destroy it

Many persons labor un ler the impression that dramatic authors are very poorly paid for their work. If at this is agreety istake a manifest when it is I nown that Bronen

ornamental in their boartiful suits of a silk and fur that she wanted to have at least six of them always in her presence.

A page to Queen Bees was dressed in a suit of light blue satin, with knee breaches and blouse waist, all of a piece.

Around his shouldars he wore a coat of cloak of deep royal purple with a bund of royal ermine around it, and on his had there sat very jauntily a cap of white feathers. These pages were of very good family, and when the queen wished to specially honor a lady she did so by choosing her boy to be a page.

The costame of a page to Queen Bees was so pretty that the boys and girle who are going to little fancy dress parties may want to copy it for themselves to wear. They can use cheaper material than satin and velvet if they want to get the suit up hastily and for only one wearing. Silesia and silkoline and the cheap cotton prints make very good costames for pages of the court of Queen Bess.—New York Ledger.

SALVATION ARMY FOW

An Old Man Dr ps Dead and To > Bors Ar estel PITTSBURG Nov 11 -- During ing of the Salvation Army in heir hall on Grant street a dis urbance was created by two small boys in the back created by two small boys in the back of the hall. An attempt was note to eject them when Joseph Acselhauff and Charles lennings, two spectators intersered. The officersten ordered Nesselhaud and Jennings out but they refused to go unless the admission fee of Jents was returned adjected row ensued and the Joung men were mult, thrown out.

A few mirutes later (hirs Starz, a prominent member of the Ariny agged.)

A tew miru of later (first Starz, a prominent member of the Arinv aged 70 years arouged dead. The boys ware arrested ind will be held for the corners investigation. The Salvationistic claim that Nesselhaufi chiked the old man but the friends of the 1 ter savine did not lay his hands on him. Sette as Trouble by ared PHYSICR Nov 11—The wages dipute over the irm scale at loungs town () is daily growing in lutter ness and it is feared the stranged condition of iffairs now prevailing will lead to serious trouble if 2 e tienent is noot so in retchel at the request of President Carlaid the lighting of the fint-hing furnaces was postponed until Monday and in the meintine an effort will be made to effect a compromise

WILL NANSEN REACH ITT

Mayer Had Pole Bunter Such Promisi LONDON NOV II -The Pall Mall Gazette savs that Dr Nan-en - pros pects of reaching the pole are greatly improved. It appears that some Nor treme northern part of Norway repor-that at the time they were there Nan

This was in August last and the seal hunters were abe to crove free'vin northern parts around No.a Zembia sslands, northear and west.

The sealers add that over an area of 30 miles there was no ice wherever and moreover they could judge from the waves that the ses was quite clear for ther north. They add that there was every probability that the Fram ball cone through the otherwise generally needboked hara see in a few days after harmed through the control of the cont

the calculation of the calculation of the calculation and the calculation of all these experienced arche hunters numbering quits 100 men, the sea was never so free of ice as it was last autum and that no polar expedition ever had such fine chances of success as the Marsan expedition are the Marsan expedition of the marsanger expeditions. of success as the Nanson expedition
